

Poppyfields' Post! July 2021

Planned Re-Opening Tuesday 20th July

Following the Government's announcement that the Covid restrictions would remain in place until Monday 19th July, the Club Committee met to discuss the reopening arrangements and following a long discussion it was agreed that the Club would remain closed until Tuesday 20th July.

This is purely for financial reasons as the current restrictions stipulate that venues only serve food and drink to people sitting at tables. This requires a minimum of two members of staff to be on duty which doubles the staff costs for the shift, and we do not take enough over the bar to cover the loss.

We would also require up to 8 members of staff to provide a carvery on a Sunday and this would mean that the price of the food would have to increase drastically to cover the additional costs.

We hope to see you all in the Club again soon after the 20th but only when you are happy and confident to do so.

Please stay safe and we will all meet up safe and well very soon.

Best wishes

The Committee!
